

Benefits & Advantages of RMPayments & Shift4Processing

- Free EMV Pin-Pads Hardware. Free SkyTab Pay-At-The-Table Devices*
- "OffLine" Credit Card Processing! Customer Never Loses the Ability to Accept Cards
- Much Lower POS System costs with RM Pay contributions
 - ✓ Reduced price of POS (25% Contribution)
- Capture of Customer Contact info on most cc payments captured for restaurant in the cloud. (Very Soon).
- LOCAL Tech Support for POS, CC and LHBMS.

- Free EMV Pin-Pads Ham EMV Pre-Auth: *with Shift4 integration the customer only has to hand the bartender their card once and it will run the pre-auth then when it needs to settle because of Tokenization it runs as an EMV transaction and the bartender does not have to request that card from the customer again.*

Tablets Available for Tableside Service & Payment

- ✓ 4 Free Tableside Order Entry Devices (Retail Value \$2800.00)
- ✓ The Order Entry Devices are also Pay at the Table.
- ✓ Additional Table Side Order Entry Devices \$150.00
- ✓ Additional workstation licenses at 70% off.
- ✓ Additional Tablet Licenses at 70% off.
